PLEASE READ.

There has been some misunderstanding about shipment by Freight when the Grange Seal is affixed to the order. We only ship by Freight *when requested*, (see page two).

If sample heading for your order is followed (see page four), there will never be any mistakes of this nature.

The new postal law allows goods sent by Mail to the extent of four pounds, at one cent for every ounce. This is a quick means of shipping light goods, but not always the most economical.

In all shipments made by Mail, we require money in advance sufficient to pay for goods and the postage on the same. As we can get no receipt from the Post Office Department, we will not be responsible for any loss from miscarriage. If you send too much money we will return the change.

All orders received after this date, taken from Catalogues 11 or 12, will be filled from Catalogue No. 13, the advantage in price being largely in favor of the purchaser.

Our intention is to get out new Catalogues from three to four times a year, according to the state of the market.

It is best to make your orders exceed five dollars, unless your order is for a class of goods that will afford you a profit after adding charges.

We are the only strictly wholesale house devoted to supplying consumers direct. We have no city retail trade.

We Guarantee All of Our Goods.

[redacted] of them are not satisfactory after due inspection, [redacted] will take them back, pay all expenses, and refund the money paid for them. When in the city please call and see us.

CIRCULAR.

In offering you this (our 13th) Catalogue, we feel called upon to thank our friends for their kind support.

We have now, in consequence of liberal patronage, reduced our prices on every article where there was any chance to do so (as you will find by comparing), and have added largely to our list.

You will find full instructions regarding the manner of making out your orders, etc., on the succeeding pages, which *we desire you will follow*, and thus avoid, as nearly as possible, all delays, errors and misunderstandings.

The original plan of conducting our business, suggested by the growing combination of farmers to deal directly with a house near the base of supplies, was to ship goods by Express, collect on delivery (*i. e.* C. O. D.) only; but as time passed and strangers became friends, the necessity of reducing the expenses of transportation became apparent, and we allowed goods to go by Freight to Granges, when the Grange seal was affixed to the order. We now announce

THE FOLLOWING RULES,

WHICH GOVERN OUR TRADE:

We furnish Catalogues to any one upon application. The Secretary of a Grange can order enough for the whole Grange. Say how many you want.

We furnish samples of all piece goods upon application, but require you to enclose ten cents to assist in defraying the expenses of this department, and as an earnest that you are desirous of trading with us if we can offer sufficient inducements. When samples of other goods are sent for with orders, you need not enclose the ten cents.

All samples have numbers attached to correspond with numbers on Catalogue.

Our regular way is to ship C. O. D. by Express, subject to examination before any money is paid out. If the goods are right, you pay all charges and the amount of the bill to the Express Agent, who is responsible to us for the goods or the money. *If requested*, we will ship by Freight when the Grange seal is affixed to the order and signed by the Master or Secretary of the Grange. Any one unable to procure the Grange Seal and desiring goods shipped by Freight, can send money with the order sufficient to meet all the cost of goods and expenses of case and cartage. The two last items amount to from 25 cents to $1.50, according to size of package and distance to haul. If you send too much, we will return the change; if not enough, we shall leave out some article. *In all other cases*, the goods go C. O. D. by Express (we cannot ship C. O. D. by Freight). As we ship by Freight to make the expense of transportation come less to the consignee, we make it a part of the contract that payment shall be made to us just as soon as the goods are at hand and examined.

This being an affair of honor, and a place wherein we put our trust in the honesty of the Patron, we hope we shall never be called upon to refuse shipment in this way because of the risk of non-payment. We take pleasure in saying here that all payments o goods have been made up to this date, although we regret that our friends are sometimes a little slow about it. We here notify all Granges with whom we have dealings that we keep a ***black list,*** and unless remittances are made without unnecessary delay, we shall be obliged to place them on this list as being too slow, and refuse to ship them goods.

The following Advice to Express Agents is sent with each Collection.

You are hereby requested to allow the Consignee or Agent to examine—if they so desire—all packages sent by our House for Delivery and Collection at your station. If they refuse to take the goods, ***immediately notify us,*** and we will order the disposal of them.

Respectfully,

MONTGOMERY WARD & CO.

By order of the Express Companies, we can allow only the individual to whom the goods are shipped to examine the goods at the Express Office. This is a privilege that should not be abused. Consider that the Agent has no interest in the matter, and is responsible to us for the goods or the money. Do not detain him too long nor scatter the goods.

We are continually receiving orders and letters with some important item of the address left off. Sometimes no name is signed ; again, the post-office address is left out, or the State is not mentioned. To avoid all such errors, we ask you to commence your letters as per sample given on page 4, substituting your own name, address, and how to be shipped—by Freight or Express—always remembering, we do not ship by Freight unless the order is signed by the Master or Secretary, and has the Grange seal affixed. If you have no ***seal,*** order one of S. D. Childs, Jr., & Co. (See their advertisement on page 69 of this book). If your orders have not the Grange seal affixed, we will positively ship C O. D. by Express.

SAMPLE OF HEADING FOR YOUR ORDER.

MESSRS. MONTGOMERY WARD & CO.,

246 to 254 Kinzie St., Chicago.

Please send to

(First,) Your name. (Write it plain.)

(Second,) Town, County and State to which we are to ship your goods.

(Third,) Your Post Office address; if same as Railroad or Express office address, say so.

(Fourth,) How to be shipped—by Express or Freight. (See condition of freight shipments.)

(Fifth,) If by Freight, say what Railroad the Town is on.

The following Goods as per Catalogue No. 13:

No. of Article as per Catalogue.	Quality and Kind of Goods Wanted.	Price.

Order as much of anything as you wish, and you will be charged only in proportion to our quotations. We will furnish blank orders with printed instructions, etc., free of charge, upon application.

In writing your name and address, do not endeavor to show us a sample of spread-eagle, but rather affect the simple, plain and perfectly legible signature of *John Hancock*. After giving us your order, if you have anything to say that will require an answer, write it on a separate sheet of paper with Post Office address, etc. Your order will go to the Order Desk and your letter to the Correspondence Desk, and both receive attention. In referring to any previous transaction, give dates of letters and number of invoice.

We cheerfully answer all inquiries relating to any class of merchandise, but before you ask, see that your questions are not answered in this Catalogue.

We make the usual jobbers' charges for cases and cartage where goods are shipped by Freight, and for cases only when shipped by Express. All goods by Freight must be packed in cases or trunks; goods by Express we use no cases unless we are so obliged to insure the safety of contents.

We give quotations or goods in our House; hence all expenses of transportation and remittance must be paid by the purchaser. No Draft or Check on a Country Bank is par here. On Freight bills remit in Currency by Express—charges prepaid. By Post Office Order, or buy a Draft of your banker on either Chicago, New York, or Boston, and send us by mail.

No Agents Wanted! No Commissions Paid!! We are continually besieged by our friends who get up clubs for us, for presents. *This is wrong.* We sell our goods at the lowest possible percentage, and if we pay commissions, *we must add* it to *the prices of the goods.* We take it that clubs are gotten up for your own mutual benefit, to reduce expense of transportation. We had as soon ship to separate individuals. We therefore decline to pay commissions or employ agents—on the Grand Grange principle, "Do away with the middlemen as far as possible."

Our old friends will not ask for testimonials, but for those to whom we are strangers, we beg to call attention to a limited number, to be found in the back of this catalogue. As you will notice, none of the original letters of commendation were solicited; all were voluntary; and, as we were in honor bound not to publish them without permission of the writer, we wrote for them and publish both the original and their letters of permission.

In consequence of recent failures we hereby notify our trade we endorse no one but Montgomery Ward & Co. We continue a few cards in our Catalogue of houses for whom we handle goods. We here invite your attention to

GEO. A. CLARK,

Sole Agent for "O. N. T." Thread in the United States. There is none better made. We quote it in this Catalogue, (see page 29, No. 1002). He is also Agent for the sale of Milward's Helix Needles. We sell them, (see No. 1003). They are the best made. Mr. Clark sells only to the wholesale trade. Do not forget to ask for Clark's "O. N. T." Thread, and Milward's Helix Needles; take no other kind; every merchant keeps them, or should do so.

S. D. CHILDS, Jr., & CO.,

manufacturers of Grange Seals, &c. They do everything in

the Engraving line, at the very lowest price for the best work We pronounce their Seals superior in workmanship and design to any that have come under our notice. See their card (page 69) in this Catalogue.

MESSRS. BELL MANN & CO.,

manufacturers of the Pullman Palace Car Perfumery. We have it in stock. See card on page 68 of this Catalogue. Perfumery helps to make home attractive, gives a finish to the toilet, and brings contentment to our lives.

GROCERIES.

We do not send Price Lists of Groceries or keep a large stock on hand. We did intend to add a full line of this class of merchandise to our stock, but for reasons partly explained herein we have concluded not to engage in the Grocery trade. With the view of going into the trade, we perfected our arrangements for the purchase of Groceries and kindred goods on exceedingly favorable terms, and will, for the accommodation of our customers, fill all orders sent us, at prices only sufficient to remunerate us for the expense in handling, subject to the following conditions :

We do not think it advisable to ship heavy groceries by express, such as Sugar, Rice, Green Coffee, Soap, etc. ; they are staple articles, sold by all dealers, for a mere nominal profit, and they add to the cost of transportation to an alarming degree. To illustrate : suppose you order dry goods, etc., to the value of $20, approximate weight fifteen pounds ; you then order fifteen pounds soap, sent with the dry goods, value $1.25, the cost of transportation will be almost as much on $1.25 worth of soap as on $20 worth of dry goods. Hence you will see that our legitimate business is damaged, as you will naturally average the cost on the total amount of the bill.

When the requirements for shipment by freight are complied with, and goods are ordered shipped in that way, we have no further objections to offer, but will ship groceries heavy as lead if requested.

Teas and Spices can be sent by *Express*, with perfect satisfaction to all concerned, as with our system of prices you will be able to make a large saving on this class of goods.

We will purchase *all kinds* of merchandise not quoted by us at a commission of 5 per cent. above cost.

In ordering Clothing, be particular to send your size. Measure for coat around the chest, just under the arms; for pants, size around waist and length of leg, *inside* seam. Give your age and describe your general build, and we will, nine cases out of ten, give you a fit. Our Clothing is all offered at the same prices that a jobber would give to a retailer in large lots, and no man can undersell us and make a dime.

TESTIMONIALS.

Secretary's Office, Michigan State Grange,
Schoolcraft, Mich., July 20, 1874.

Editors Granger and Advocate, Lansing, Mich.:

Having a little spare time in Chicago, I called on Montgomery Ward & Co., at their place of business on Kinzie street, for the purpose of learning more of their extent and *manner* of doing business with our order. I found the firm occupying commodious but not expensive quarters, with ample room for doing an extensive business, and with a very complete assortment of such goods as come within the range of farmers' wants. A careful examination of their books and business enables me to say that *system* pervades every department of the business of this, the pioneer firm in supplying farmers with goods at wholesale prices. I was shown numerous letters from Patrons indicating a flattering business confidence in the firm, and general satisfaction. Having known the gentlemen of this firm for some years, I am satisfied of their reliability, and believe they will spare no pains to satisfy their customers and make honorable amends for any mistakes that may occur in the course of business.

With me, the "good of the order" is the object of first and vital importance; and while I believe that we should support home merchants and home interests in every locality in preference to any other, I at the same time believe we cannot do so with a proper regard to our own interests until we prove to them that the present system is unnecessarily expensive and burdensome in this: that the number of men and boys employed to transfer supplies from the producer and manufacturer to the consumer exceeds by more than 100 per cent. the number actually needed; that a large amount of capital invested in various ways lies as a dead weight upon this supply business; that the system of almost universal credit which we are ourselves, as a class, largely responsible for, must be superseded by the *pay-as-you-go system*. In many places we shall not be able, by *argument*, to bring about a practical reform and convince the trading class of the truth of our position; but shall, in our attempt to inaugurate a better system, be compelled to apply the convincing argument of ordering supplies, for a time, where we can obtain them at wholesale rates for cash.

I have written you as I could get a spare moment while on the wing, well knowing that the work accumulating during my absence would require my undivided attention when I reached it; and to any correspondent who reads the *Granger*, this letter will explain my apparent neglect.

Fraternally,

J. T. Cobb,

Secretary Mich. State Grange.

Russell, Lucas Co., Iowa, May 26, 1874.

Messrs. Montgomery Ward & Co., Chicago.

Gentlemen:

The case of dry goods arrived here yesterday safely, and gave good satisfaction. The collars, No. 277—on your catalogue, No. 11—were not the size ordered, but were *good*. I can sell them here for 25 cents per box. [We charged Mr. Morrison 15 cents per box; the same collar will be found in this catalogue, No. 873.] No. 261 Parasol was not liked. No. 232 Kid Gloves were not the color ordered. The balance of the goods, with these *small* exceptions, were all right, and we were well pleased with them — saved us 45 per cent. Accept our thanks for promptness and satisfaction given. Enclosed please find draft for the above named bill.

Respectfully,
J. N. MORRISON,
Lime Grove Grange No. 1161.

PRICE LIST OF

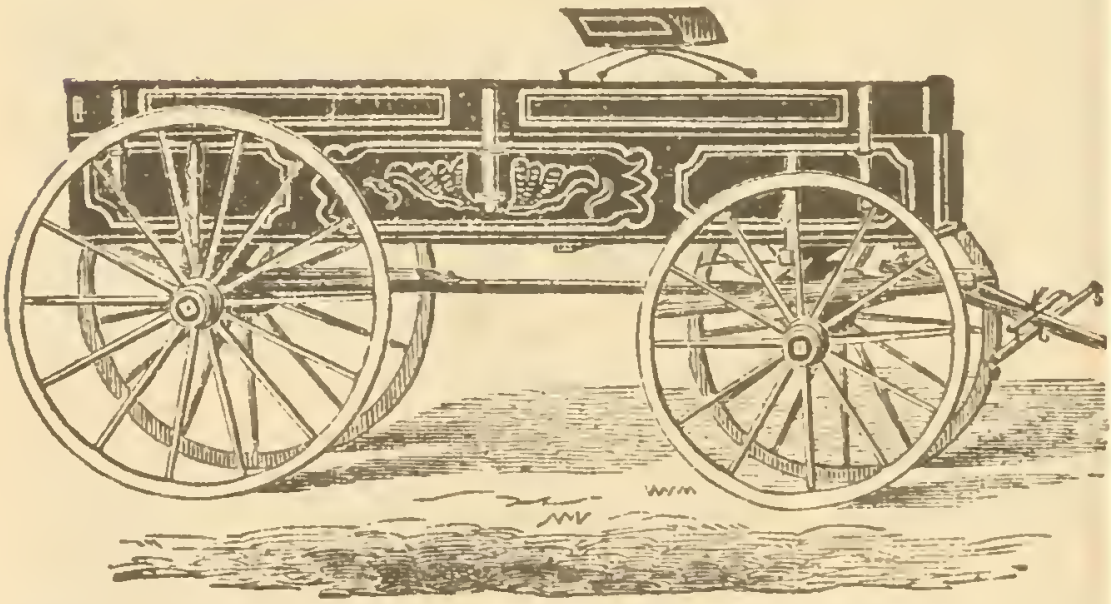
Farm Wagons AND Buggies,

FOR SALE BY

MONTGOMERY WARD & CO.,

246, 248, 250, 252 & 254 Kinzie Street,

CHICAGO, ILL.



The Murray Farm Wagon

Is well known throughout the Southern and Western States as

The Best Made, The Best Ironed, The Best Finished, and The Best Proportioned Wagon in the Country.

Of the many other advantages which MURRAY'S CELEBRATED WAGONS claim to have over all others manufactured in this

country, the following are the principal ones, viz :

1st. The Wagons are better Ironed than all others now manufactured in the country ; the Bolsters are all plated on top.

2d. The Axles are plated in the centre, where the Reach and the King-Bolt are working, which prevents the Axle from being worn out.

3d. The front bounds are braced solid to the axles, which will hold the bounds solid until the Wagon is worn out.

4th. All Axles are turned out by the Axletree Lathe Machine, and are therefore, exactly alike in every regard, which gives the great advantage over those made by hand, that every axle has the same set and gether, which enables us to furnish a new axle in the place of such as may be broken by some accident ; and, as it is exactly a duplicate, any farmer can put it in in a few minutes, and the wagon will run as easy and light as ever before, saving time and expenses in going to a mechanic.

The most delicate and exquisite Perfume ever offered to the trade. No better ever imported. In retentive qualities it certainly has no equal, as it requires but a Drop *to perfume the handkerchief for days.*

It is a combination of the choicest odors distilled from the flowers cultivated in the south of France and Italy, which is the flower garden of the world; and, as these odors are imported direct from the distillers by Messrs. Bell Mann & Co., 163 Wabash Avenue, Chicago, Ill., (manufacturers of these exquisite perfumes), they are enabled to present the Bouquet from extracts in their original purity.

We offer the Goods at the following wholesale prices. You can have as much or little as you want.

J. Enoch Lowe,

AGENT FOR SMITH & CO.,

CHICAGO, ILL.

To some the quotation of Liquors, in this Catalogue, may be objectionable. As an explanation we beg to state that we allow these quotations at the request of many of our customers and as a special accommodation to Mr. Lowe.

We shall not derive one cent profit from the sale of these goods, and do not wish to be at any loss for thus endeavoring to meet the demand of our friends. Mr. Lowe was educated to the Liquor trade in Kentucky, and understands it thoroughly. He has been Head Book-Keeper in our house for a long time, and has proved in every respect trustworthy. He having received the agency of Messrs. S. & Co. for the sale of their goods, we desire, in part, to recognize his valuable efforts in our behalf, by thus allowing him a space for the quotation of his line. MONTGOMERY WARD & CO.

Orders addressed in the care of ***MONTGOMERY WARD & CO.***, or directly to them, will meet with prompt attention.

Arrangements have been made to ship Liquors along with their goods, and thereby often saving additional charges for cartage.
